Australia First will ensure concessions for Australian business to employ the over 40's.

Productive 40 + Aussies, unemployed in preference to cheap labour immigrants and Lib/Lab 457 visa frauds, is of shattering consequence to our workers. Aussies will not be second guessed to the misery of the scrapheap.

Australia First will ensure security of our National Borders.

Instead of our military engagement in American wars, our forces will be assigned to their primary task – that of securing our Native Land and Aussie People. Fake refugees from all sources will be humanely treated, refuelled/ reprovisioned for return to last port of landing.

Australia First will review all Foreign Aid.

Over 100,000 Aussies are estimated to be homeless, untold numbers live in caravans, many pensioners are on the breadline, hospital waiting lists are endless, youth unemployment is over 29% [abs 04/2010] Many Aussies are in dire need, and this should be addressed before taxes are squandered on overseas aid.
